

Snowmobile Keys

Key Switch Does Not Have Letter Designation

1989-2009 2-Stroke and 4-Stroke

If the key switch doesn't have a "letter" designated on the face of the key switch seen in the picture below, proceed to the instructions below this picture for key ordering information. If the key switch has a "letter" designation on the face of the key switch, proceed "Key Switch Has Letter Designation" sub-section.

ignitionletter

Open and Closed Ignition Key Switch

Year and Model	Ignition Type	Key p/n
1989-2001 2-stroke	Open	0609-412
2002-2004 T660	Closed	0609-412
2003-2005 Bearcat 660	Closed	0609-412
2005 T660 Turbo ST (early build)	Closed	0609-412
2005-2009 T660 and 1100	Closed	0409-059

2010-2024 4-Stroke; 2012-2024 2-Stroke

Option #1

If you have one of the keys, and want to order a cut key, get the 4-digit code off of the key, place an order for key part # 0409-003 and enter the 4-digit key code in the order comment section of checkout.

Option #2

If you would like to purchase a blank key to have it cut at a local store that cuts keys, order one of the part #'s below

Part # 0430-042 Left-Side Groove Blank Key for key codes between 4000-4149 or

Part # 0430-043 Right-Side Groove Blank Key for key codes between 4150-4299

(p/n 0430-042)
Left-side groove with code
on the key of 4000-4149

(p/n 0430-043)
Right-side groove with code
on the key of 4150-4299

keyinfo

Option #3

If you are missing all keys, remove the key switch and get the key code off of the switch. It will be a 4-digit code ranging from 4000-4299. Then go to option #1 for a new key.

Key Switch Has Letter Designation

1998-2011 2-Stroke

0609-464	2F	0609-360	2F

If All Keys are Lost for the Switch

When the key switch has a "Letter Designation" stamped into it as seen in the picture, it will range from A,B,C,D,E,F.

To determine the "Digit Designation," you will have to take a "#1" and a "#2" key to see which one will work in the switch.

Example: The key switch is stamped with an "A." Try both keys to see if a "1A" or a "2A" key works in the switch.

ignitionletter

ATV/ROV Keys

NOTE: If your key code is in the range C201-C350 or D201-D350, year and model information needs to be entered in the comment section of checkout along with the key code in order for Arctic Cat to cut a new key.

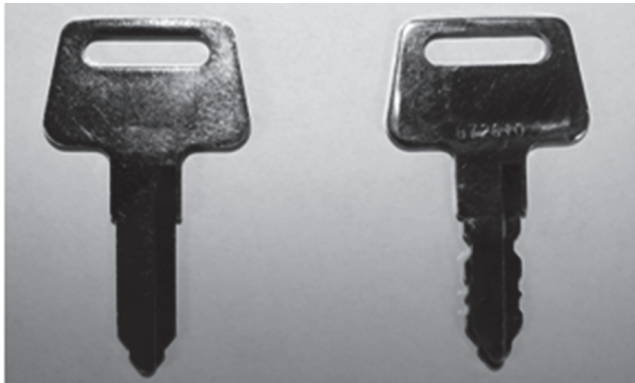

Replacement keys are not available for 2014 Wildcat Trail, All 2015 Wildcat, Prowler, HDX, and ATV's 500 and up. A new ignition switch is needed if the keys have been lost.

1996-2007 Models

Blank Keys

A - Series Blank 0409-059	D - Series Blank 3409-011
B - Series Blank 0409-060	E - Series Blank 3409-012
C - Series Blank 3409-007	F - Series Blank 3409-013

■**NOTE:** A blank key can be ordered and cut by a local store that makes keys as long as you have the original key to copy.

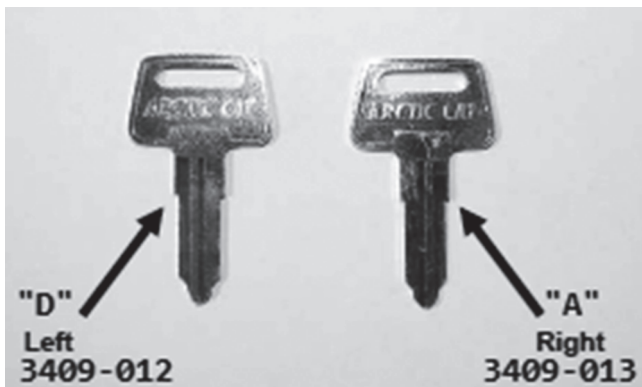

blankkey

2008-2011 366; 2011-2023 350, 400, 425, 450, 450 XC

Blank Keys

Both Left-side (p/n 3409-012 CODE "D") and Right-side (p/n 3409-013 CODE "A") keys will be blank and uncut. If ordered, you will need to locate a store that can cut the key using the original key as a guide.

366key

Cut Keys

If you want Arctic Cat to cut the key, Order Part # 0409-003 and enter the key code in the comments section of checkout. An example of the code would be a letter and 5 numbers (ex. E12345). The key code can also be found on the ignition switch (2005 and prior model years).

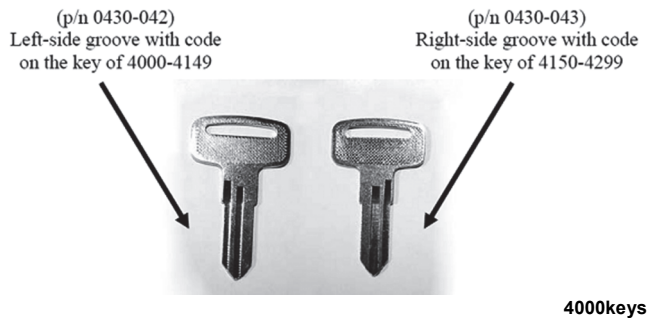

Cut Keys

If you want Arctic Cat to cut the key, order key # 0409-003. Then enter the 4 digit code and specify if it is a left or right cut key in the comment section of checkout. If you have lost both keys, inspect the key switch for the 4 digit code. If the code is not on the switch, a new key switch will need to be ordered.

**2008-2014 ATV;
2016-2023 ATV;
2006-2014 Prowler;
2012-2014 Wildcat;
2019-2023 Wildcat;
2019-2023 Prowler Pro**

Blank Keys

Both Left-side (p/n 0430-042) and Right-side (p/n 0430-043) keys when ordered will be blank and uncut. If ordered, you will need to locate a store that can cut the key using the original key as a guide.

**2006-2023 50, 90, 150, 250, 300,
Prowler 500**

Blank Keys

Both Left-side (p/n 3304-521 CODE "C;" 3307-104/559) and Right-side (p/n 3304-520 CODE "A;" 3307-105/558) keys when ordered will be blank and uncut. If ordered, you will need to locate a store that can cut the key using the original key as a guide.

2003-2005 50 and 90

Blank and cut keys are not available separately from the ignition switch assembly, if both keys have been lost, the ignition switch assembly will need to be replaced

Cut Keys

Order part # 0409-003 and enter the 4 digit key code (4000-4299) that is found on the key (also can be found on the sticker applied to the ignition switch) into the comments section of checkout.

If you have lost both keys and the code can not be seen on the ignition switch sticker, the ignition switch assembly will have to be replaced. Order the appropriate ignition switch per the year and model.

Cut Keys

If you want Arctic Cat to cut the key, order key part # 0409-003. Then enter the 3 digit code and specify if it is a left or right cut key in the comments section of checkout.

If you have lost both keys, inspect the key switch for the 3 digit code. If the code is not on the switch, then a new key switch will need to be ordered.

**2015 ATV;
2015-2017 Prowler;
2015-2018 Wildcat;
2014-2018 Wildcat Trail;
2015-2018 Wildcat Sport**

Blank and cut keys are not available separately from the ignition switch assembly, if both keys have been lost, the ignition switch assembly will need to be replaced.
